David A. Maresca, Vice President of HR and Corporate Security  
Perfect Plastic Printing Corporation  
311 Kautz Road  
Saint Charles, IL 60174

Dear Mr Maresca :

On May 27, 2010, Discover Financial Services (DFS) conducted a physical security review of the Perfect Plastic Printing Corporation facility located in Saint Charles, IL. We appreciated the hospitality and professionalism shown to our representative by the management team at Perfect Plastic Printing Corporation. I am pleased to inform you that your company may provide goods or services to your Discover Network business partners in accordance with the terms and conditions of your agreement with Discover Network.

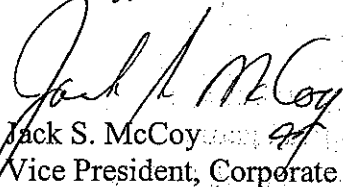

We would recommend the following items to enhance your current security procedures:

- Alarms fitted to external doors should be tested every other month as opposed to your current practice of twice a year.
- Upgrade current Closed Circuit Television (CCTV) recording system from the current VHS tape system to a Digital Video Recorder (DVR) system.
- Increase recorded images from current 5 frames per second to a capture rate of at least 15 frames per second.

The next scheduled DFS re-inspection of the Perfect Plastic Printing Corporation facility located in Saint Charles, IL will occur in May 2011.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Jack S. McCoy  
Vice President, Corporate Security
